

Coastal Academy

Vaccine Exemption Form

I, _____, hereby state that I have chosen not to vaccinate my child, _____ because it is against my personal beliefs.

I have enrolled my child in a **home-based private school** and under current California law students in such schools are not required to have vaccinations.

I accept full responsibility for the health of my child, and because of personal conviction, do not wish my child vaccinated. In the event of any infectious condition, my child would of course remain at home.
